Portfolio: portfolio-tylertwitchell.netlify.app

Front-End Web Developer with a strong foundation in React, JavaScript, CSS, and HTML seeking to leverage coding skills and 8 years of professional work experience to contribute to dynamic web development projects.

Key Skills

- React.js
- JSX
- JavaScript
- CSS
- HTML
- Problem Solving
- Communication

Web Development Projects

● Quizzical

A trivia app that allows you to choose a category and "celebrates" with the user if at least 4/5 questions were answered correctly.

- URL: quizzical-tt.netlify.app
- GitHub: github.com/tytwitchell/Quizzical

● Tenzies

A game where the user rolls dice until all of them are the same. The game tracks the amount of rolls and time spent playing to create a competitive feel.

- URL: tenziesgame-tt.netlify.app
- GitHub: github.com/tytwitchell/TenziesGame

● Password Generator

Generate two random passwords based on the selected character length. The user can copy the passwords by clicking on them.

- URL: thepwdgenerator.netlify.app
- GitHub: github.com/tytwitchell/Password-Generator

Professional Experience

● Benefits Consultant

Bennie | November 2021 - June 2023

- Delineated technical benefit concepts for clients (CFO, HR manager, and employees)
- Led Bennie App demonstrations for employees
- Built benefit plans on a variety of different HRIS software platforms for clients
- Created reusable Excel templates to solve for repetitive tasks while serving clients
- Facilitated internal cross-departmental collaboration between operations teams and service teams
- Managed projects to ensure timely completion of deliverables
- Developed in-depth benefit marketing campaigns to mitigate insurance renewal premiums
- Presented insurance renewal recommendations to clients based on their current and long term needs

● Benefits Consultant

Namely | December 2019 - November 2021

- Provided technical troubleshooting of the HRIS and payroll platforms for HR managers
- Used Excel to create new systems and processes to better service clients

- Collaborate with Human Resources and other departments to ensure compliance with government regulations and company policies
- Proposed and implemented innovative ideas for enhancing client culture through benefit offerings
- Led and prepared client renewal and benefit strategy presentations

● Benefits Analyst

Namely, Greater New York City Area | March 2018 - December 2019

- Supported five consultants in maintaining relationships with clients
- Developed underwriting analysis based on the previous 12-24 months of client claims data
- Analyzed existing benefits programs for cost effectiveness and compliance with applicable laws

● Benefits Analyst

Arthur J. Gallagher & Co. | March 2016 - March 2018

- One of three key employees to assist in the implementation of a branch-wide document management system
- Discussed and implemented strategies to mitigate risk and enhance overall client business performance
